RIJEKA ANNUAL INTERNATIONAL YOUTH  
SUMMIT FOR *CREATIVITY AND PEACE*

RIJEKA, 2018.

RAIYS was brought to you by:

Word of Welcome by Mr. Vojko Obersnel, Mayor of the City of Rijeka  
Newsletter, Rijeka Annual International Youth Summit for Creativity and Peace,  
9-15 July 2018

**Dear Students and Teachers participating in the Rijeka Annual International Youth Summit for Creativity and Peace,**

I wish you a warm welcome to Rijeka!

This year's Youth Summit will bring to Rijeka many more new friends, more than 300 of them, originating from six countries. Students and teachers from our sister cities, Kawasaki, Japan and Neuss, Germany will also be joining the Summit. For the whole week between the 9<sup>th</sup> and the 15<sup>th</sup> July, Rijeka will be feeling rich and inspired by your creativity and positive energy and honoured for your friendship.

We live in a period of important social changes. Various countries are coping with their social and other problems in different ways. However, it is important to realize that an education based on Creativity and altogether fostering Peace, is the basis of every development and social stability. This Summit brings students from various cultural backgrounds and school systems together to work for a common cause. This is their opportunity to develop democracy, practice tolerance and healthy competition. This is the time for them to show all of their talents and creativity and to develop projects which will doubtlessly create a difference, certainly a small considering the entire world, but still a very important one, stone by stone, paving the road of democracy, understanding and mutual acceptance.

Rijeka is the largest Croatian port, but this beautiful city is also a Port of Diversities that make this city interesting and rich. This was the basic idea when launching the **Rijeka – 2020 European Capital of Culture project**, and I am sure your participation at the **2018 Youth Summit** will leave a mark in that project, too.

I am sure this Youth Summit will be a success. I thank you all once again for your participation, and I wish you a fruitful, enhancing and most memorable time in Rijeka!

A handwritten signature in blue ink, appearing to read 'V. Obersnel'.

Vojko Obersnel,  
Mayor of the City of Rijeka
